Shelburne Falls, MA 01370

Dear Chair Turner:

Following the three November 2019 Senior Center Expansion Committee Site Forums plus additional surveys from the public, it became quite clear from the Jones Whitsett Architects survey results presentation that the Buckland Police station is of some interest to the public as a possible site for an expanded senior center. At the December Site and Design Subcommittee meeting it was voted to recommend to the Expansion Committee that the Buckland Police Station remain as a secondary active site under consideration.

Before the subcommittee can make any further recommendations on this site, we have 3 questions regarding the Buckland Police Station requiring your response.

1. In all forums there were questions on the police department, hence, when could the police department be relocated and the property be available?
2. Subject to negotiation, what would the property cost?
3. What is the status of the Brownfields assessment and a remediation schedule?

We are currently working with Daniel Pallotta, planning coordinator, of P-three Inc. to bring more details to the Senior Center Project presentations this spring. We request a written response prior to our January 30, 2020 Senior Center Expansion Committee meeting.

Thank you for your time and response.

Sincerely,

Mike McCusker, Chair
Senior Center Expansion Project Site and Design Subcommittee
